

Joji - Window

tom:

Intro: B

I see nothing out the window, window
Nothing out the window
Watching all the leaves grow, leaves grow
Feels better in my dreams though, dreams though

And the sun will shine... no more
The sun will shine... no more
I've been holding on... too long
Holding on... too

I know when the wind blows, wind blows
Feels better in my dreams though, dreams though,

I just wanna sleep... forever

Please just let me leave... forever

I don't need an antidote, antidote
I don't need an antidote, antidote
I don't need need an antidote, forever
(Forever)

We don't wanna drive slow, drive slow
Speed up with our eyes closed, eyes closed

Eyes closed
Eyes closed
Head down
Eyes closed
Ice cold
Melt down
