tom:

G

I wanna die A  
D  
I wanna die A  
E  
Down south Louisiana  
D A  
And the gray evening sky

A  
I wanna die  
D A  
I don't care how  
I'm getting out  
E  
Down south Louisiana  
D A  
And the lonesome highway sound

A  
Well there's a cajun lady  
D  
Down in New Orleans  
E  
There's a cajun lady  
D A  
And I saw her in my dream

A  
Well if I'd held her in my arms, girls  
D A  
Oh and if I'd held her in my arms  
E  
Our friendly love  
D A  
Might have kept my heart from harm  
A  
But I'm out here on this road, girls  
D A  
And I'm out here on the road  
E  
And I'm just a poor girl  
D A  
And I ain't got a home

A  
And I wanna die  
D A  
I don't care how

I'm getting out  
E  
Down south Louisiana  
D A  
And the lonesome highway sound

A  
Oh I ain't got a home, girls  
D A  
And I ain't got a home  
A  
And it's through this world I ramble  
D A  
And it's through this world I roam

A  
Well, it's through this world I ramble  
D A  
And as through this world I roam  
E  
I'm just a poor girl  
D A  
And I ain't got a home

A  
And I wanna die  
D A  
I wanna die  
E  
Down south Louisiana  
D A  
And the gray evening sky

A  
Well I wanna die  
D  
I don't care how

I'm getting out  
E  
Down south Louisiana  
D A  
And the lonesome highway sound
