

# Jon Bellion - Overwhelming

Tom: C

C  
Yeah, I think I got one  
F  
Her soul is presidential like Barack, son  
G  
Yeah, she call me Goose, I call her Maverick cause of Top Gun  
F  
They say we annoying, they just jealous cause we got love  
C  
Yeah, I got a hot one  
F  
She don't want no problem if there's not one  
G  
But people come around and try some stupid shit to start one  
F  
She'll give you the people's fuckin' elbow like The Rock, son  
G  
There is a potion in your lips, so sweet, I'd die  
C  
There is an ocean in your hips, so deep, I'd dive  
D7sus4  
I hear an opus when we kiss that completes my life  
C  
Yeah, I think I got one  
N.C.  
And every single little thing about her is so

C  
Overwhelming  
F  
Everything about you is so overwhelming  
G  
When I think about you, it gets oh, oh, over - whelming  
C  
Cause everything about you is so overwhelming  
F  
Come over here and overwhelm me  
C  
Hey, do I impress you?  
F  
I really like the way you rock a sweatsuit  
C  
When you working out and I'm just watching how your legs move  
F  
They would think that you was, like, developed in a test tube  
C  
You deserve a theme song  
F  
You could be the shoulder that I lean on

C  
Love it when you're late for work and try to slip your jeans on  
F  
You be bumping Chili Peppers all up in your Nissan  
G  
There is a potion in your lips, so sweet, I'd die  
D7sus4  
There is an ocean in your hips, so deep, I'd dive  
D7sus4  
I hear an opus when we kiss that completes my life  
C

N.C.

Cause everything about you is so overwhelming  
F  
Come over here and overwhelm me  
C  
You write checks that my ass can't cash  
C  
I bit a little more than I can chew  
C  
I bit a little more than I can chew  
C  
You write checks that my ass can't cash  
C  
I bit a little more than I can chew
