

Jon Bellion - Run Wild

Tom: C

Holy verses in his kiss
He was your bible
You found nature in his lips
The sex was tribal
He brought purpose to your hips
Your soul's revival
Such a hopeful eve
But Adam let you down
He played you fast and reined you in
No slow recital
You waited for him on the strip
But no arrival
Gave it up for him
But only just to let you down
To let you down, to let you down
Gave it up for him
But only just to let you down
To let you down, yeah he let you
Now you wanna run wild
Now you wanna run wild
Now you wanna run wild
Now you wanna run wild
Your heart's been dragged from left to right
Your soul's in limbo
To suffocate your open mind
He closed the window
And thus revenge is in your eyes
Spare me the info
Such a hopeful eve
But Adam let you down
He played you fast and reined you in
