

Jonah Kagen - Broken

tom:
Capostrate na 1ª casa
Intro: Am F C G

I'm broken, tell you I'm fine
But you wouldn't believe me
If you knew the things that crossed my mind
I'm hurting but I show no sign
Because I'm afraid to give in
Break down, and waste your time
(Two, three)
Now I'm begging you
To come and pull me out of the fire
Come and save me
Like you did when we were young
Oh please come bring me out
From my lowest, take me higher
Can you see me through the ashes and the smoke?
I'm lonely, it's been so long
Since I felt love, to smile, felt strong
And what can I do?
When I'm not friends with my reflection
When I don't understand affection like you do
(Two, three)
Now I'm begging you
To come and pull me out of the fire
Come and save me

Like you did when we were young
Oh please come bring me out
From my lowest, take me higher
Can you see me through the ashes and the smoke?
You say that you'll help me
You tell me I'm worth it
But I don't deserve it, I don't deserve it
But it's easy for you
'Cause you know your perfect
And I need your hand but I don't want to burn it
There's blood on the counter, tears on the pages
While I write you a letter then I quickly erase it
I'm shatter, I'm beat down, I'm broken
Weak now
So I'm begging you
To come and pull me out the fire
Come quickly, 'cause I'm burning up inside
Oh please just bring me up
From my lowest take me higher
Can you see me through the ashes and the smoke?
Pull me out
Pull me out
Pull me out
