

Jonas Brothers - Loved You Better (feat. Dean Lewis)

tom:

(One, two, one)

[Primeira Parte]

G You had this beautiful way about you
A You had this want in your touch and
Bm Softness in your eyes
G I could be myself when I was around you
A It scared me to death, but I never felt so
Bm Alive
G You said you pictured yourself growing old
D With me
A Now I'm just a toxic heartbroken memory
G Of some boy who could never give you what
A You need
Bm

[Refrão]

Bm I should have loved you better
A But I couldn't even love myself
G Said that we're in this together
A Then I didn't even try to help
G When you needed me, I wasn't there to get
D You through it all
A I should've loved you better
G I should've loved you better
A Better, better, better

[Segunda Parte]

D I know it's late and I know it's been some
A Time
Bm But I still think about the days when you
G Were mine
D And the years go fast, but the nights last

Long 'cause

A It's hard to sleep when I'm not holding on
G To you
A What a mess I've made, a mess I've made of
D You
A Now I know it's far too late
Bm

[Refrão]

G I should have loved you better
D But I couldn't even love myself
A Said that we're in this together
Bm Then I didn't even try to help
G When you needed me, I wasn't there to get
D You through it all
A I should've loved you better
G I should've loved you better
D (Better, better)

[Ponte]

G Oh, I let you down a thousand times
D And left you on your knees
A If you find someone
Em I hope he's everything that I can't be

[Refrão]

G I should have loved you better
D But I couldn't even love myself
A Said that we're in this together
Bm Then I didn't even try to help
G When you needed me, I wasn't there to get
D You through it all
A I should've loved you better
G I should've loved you better
D Better, better, better
