# Jonas Brothers - Neon

Tom: D

```
       G
Stars fade
Bm
Hearts break
A
Fair trade
A
Is it ever even
G
Don't wait
Bm
To stay
A
Awake
A
When you realize
              G
That time just keeps on moving
              Bm                              A
While you're standing here still living in the dark

     G      Bm
So neon, neon

Burn up the sky
A
Just like a fantasy where all I can see is
   G      Bm
Neon, neon

Show me your light
A
I'm running out of time
A
So give me a sign
   G      Bm    A
Neon, neon, neon
A               G      Bm      A
Give me a sign, neon, neon, neon
A
Give me a sign, neon

G
Sun set
Bm
Street red
A
Lights they
A
Always call my name
G
And I
Bm    A
Want more time
A
Won't kill me
```
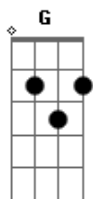

```
                 G
'Cause the time just keeps on moving
            Bm                            A
While I'm standing here still living in the dark

     G      Bm
So neon, neon

Burn up the sky
A
Just like a fantasy where all I can see is
   G      Bm
Neon, neon

Show me your light
A
I'm running out of time
A
So give me a sign
   G      Bm    A
Neon, neon, neon
A               G      Bm      A
Give me a sign, neon, neon, neon
A
Give me a sign, neon

G Bm A A D
                G
I've been looking for the reason
              Bm                       A
What's the answer or the meaning of it all?
A D
All
              G
Hope tonight you're gonna show me
             Bm                             A
Just surround me 'til I'm glowing in the dark
              D G       Bm
Yeah Oh neon, neon

Burn up the sky
A
Just like a fantasy where all I can see is
   G      Bm
Neon, neon

Show me your light
A
I'm running out of time
A
So give me a sign
   G      Bm    A
Neon, neon, neon
                  G      Bm      A
Give me a sign, neon, neon, neon

I'm running out of time
      A
So give me a sign neon
```
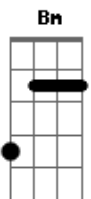

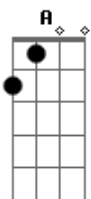

Acordes

D G Bm A
