[Primeira Parte]

You're a full blown problem, lucky I'm your baby's father
Got that ooh so proper, and I'm thankful for your mamma
Got that two-step popping, you're a melody, babe
Skyline baby blue

[Solo]

Still catching feelings for you feelings for you

[Refrão]

Hey You feel like summer, baby, heating up my body
Too much tequila, now we're dancing in the lobby
Know every inch up on that body, but the feeling is new

Still catching feelings for you

[Segunda Parte]

Otherworld, voodoo, babe
Supernatural sugarcane
Overdrive all the way
Hypersonic ricochet
In my head everyday
