

# Jonas Brothers - Take a Breath

Tom: C

(verso 1)

(abafado)

**Am** Walked across a crowded **C** street **G**

**Am** Sea of eyes that cut through me, and i saw you in the middle.

Your upset face, you wear it well, **C**  
**G**

(deixa soar)  
You camoflage the way you feel when everythings the matter **Am**

We've all been down that road before, **G**  
**F**

Searching for that something more.

(refrão)

**C** Worlds are spinning round **G**

Theres no time to slow it down, **Ab**

So won't you take a breath, **Am**  
**F**

Just take a breath.

**C** People change and promises are broken.

**G** Clouds can move and skies will be wide open. **Ab**

**Am** Don't forget to take a breath. **F**

(verso 2)

(abafado)

**Am** Blink our eyes, life's rearranged. **C**

And to our surprise, it's still okay. **G**

It's the way things happen. **Am**

Summer comes and then it goes. **C**

Hold on tight and brace for cold **G**  
**Am** (deixa soar)

And its only for a moment **G**

We've all been down that road before, **F**

Searching for that something more

(refrão)

**C** Worlds are spinning round

Theres no time to slow it down, **G** **Ab**

So won't you take a breath, **Am**  
**F**

Just take a breath.

**C** People change and promises are broken.

**G** Clouds can move and skies will be wide open. **Ab**

**Am** Don't forget to take a breath. **F**

(ponte)

**Am** Life seems so sufficated **C**

**Am** Air isnt overrated **G** **F**

(refrão)

(abafado)

**C** Worlds are spinning round **G**

Theres no time to slow it down, **Ab**

So won't you take a breath, **Am**  
**F**

Just take a breath.

**C** Worlds are spinning round **G**

Theres no time to slow it down, **Ab**

So won't you take a breath, **Am**  
**F**

Just take a breath.

**C** People change and promises are broken.

**G** Clouds can move and skies will be wide open. **Ab**

**Am** Don't forget to take a breath. **F**

**C** Worlds are spinning round **G**

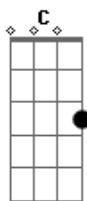

Theres no time to slow it down, **Ab**

So won't you,

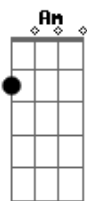

**Am** Dont forget to take a breath. **F**

( C G Ab Am F ) C
