

Jonas Brothers - Wedding Bells

```
\mathsf{Am}\ \mathsf{G}\ \mathsf{F}\ \mathsf{C}\ \mathsf{Am}\ \mathsf{G}
Pardon my interupption
This drink's just settling in
Am C G
On my reservations,
       Am
A reason I don't exist
She says, can you keep a secret
              Am
A ceremony set for June
I know it's a rush but I just love him so much
I hope that you can meet him soon
No, I dont wanna love
           Αm
If it's not you
I dont wanna hear the wedding bells bloom
Maybe we can try
One last time
But I dont wanna hear the wedding bells chime
Trying to fall asleep
You wake me up cause im trying to see the light
```

Acordes

```
Instead of feeling right
I dont wanna hear the wedding bells chime
Wedding bells, wedding bells
Pardon my harsh reaction
You put me on the spot
   Am C G
And if im being honest
Im hoping i'd get caught
Showing you im all happy
Not letting you see my truth
Cause if you recall our anniversary falls
11 nights into june
No, I dont wanna love
If it's not you
I dont wanna hear the wedding bells bloom
Maybe we can try
One last time
But I dont wanna hear the wedding bells chime
Trying to fall asleep
You wake me up cause im trying to see the light
Instead of feeling right
             Am
I dont wanna hear the wedding bells chime
```
