

# Jonas Conner - Colder

tom:

Ab (forma dos acordes no tom de E )

Capostrate na 4ª casa

Intro: C G Am F C

[Primeira Parte]

When I start to love you

I end up mapping out the ways

You'll end up gone and I'll be here to

Stay

And I'm tired of funerals

Especially when they say it's a  
Celebration

It'll only get messed up and never face It

[Refrão]

Lately it's been catching up

Maybe part of growing up is getting

Colder

Losing trust, losing sleep, losing

Everything but grief as I get older

I'm getting colder

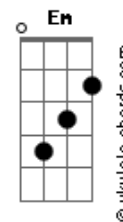

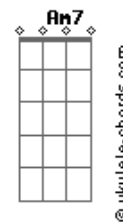

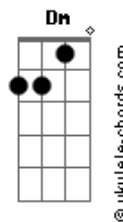

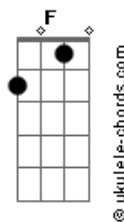

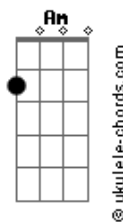

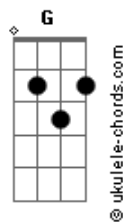

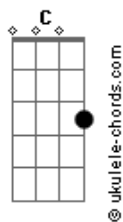

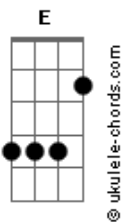

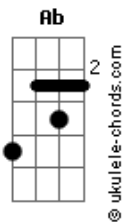

[Segunda Parte]

I'm tired of losing family

I'm tired of losing all my friends

If I get too close

## Acordes

I wind up missing them

So I keep a distance

So you can hold on when you fall

Leave a scar on my arm

And the smell of alcohol

[Refrão]

Lately it's been catching up

Maybe part of growing up is getting

Colder

Losing trust, losing sleep, losing

Everything but grief as I get older

I'm getting colder

[Final]

And colder

I'm colder

Getting colder

And colder

Getting colder

And colder

And colder

And colder

I'm getting colder
