Dm

Intro: Dm

Venture

You hold a se-cret art

The kind of treasure I revere

I call on you

To take me far a-way

To cross the vast and meet the fear

0000000000

Hmmhmmhmmhmm

Hmmhmmhmmhmmhmmhmm

Darkness, you hold the key I need

To get where I intend to go

Dream again of wonders of the vast

Towards joy, madness and woe

0000000000

0000000000

000000000000000000

Fire I let you light my way

To the places I have meant to see

Acordes

Rapture lies hidden in our hearts

Shackled, longing to be free

Uuuuuuuuuuuu

Aaaaaaaaaaaaa

000000000000000000

Death comes and grabs you by the shoulders

And speaks in harsh tone

"In the end your path and your life is your own

But there are hard choices to be made

To act out a dream, no matter what it takes

And to hold it close until the very end" ÉeeeÉeee

Go

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaa

Aaaaaaaaaaaaaaaaaaaaaaaaaaaaa

000 000 000000000

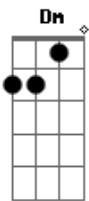

000 000 000000000

000 000 000000000
