

Jonathan McReynolds - Pressure

Tom: **D**

A
I, I can't even turn on my phone **G**
D
Without being reminded of the lie
G
That I am alone and broken, unsuccessful
A **G**
I, I can't always talk to my friends

D
'Cause they've got expectations
Dm
That I may or may not be living up to
A
I really need to rid myself
A
Of the pressure, pressure, pressure
G **D** **Dm**
To be someone else that the world has made
A
Jesus take from me
G
All the pressure, pressure, pressure
D **Dm**
To be someone that you did not create

A **G**
Help me be me
D **Dm**
And only see you
A **G**
Let me decrease
D **Dm**

And glorify you

A **G**
I, I thought my intentions were good
D
Just act like a Christian should
G
And hope someone watching would approve
A
And be inspired

G
But you're not feeling my show
D
Then how far could I go

G
Before all of my accomplishment
A
Go down in fire
A
Just cause of
G
Of the pressure, pressure, pressure
D **Dm**
To be someone else that the church has made
A
Jesus take from me
G
All the pressure, pressure, pressure
D **Dm**
To be someone that you did not create
A **G**
I just wanna live
D
I just wanna live for you
G
Nobody else, but you
