

# Jonny West - All The Words

tom:

**C**

**C** **G** **Am**  
All the songs before i met you  
**C** **G** **F**  
I never cared much for the words  
**C** **G**  
But then you broke my heart  
**Am** **F**  
And now i hang on every part  
**C** **F** **G** **Am**  
Every rhyme i recite inside my head  
**D** **F**  
'Till i find and connect all the words  
**C**  
I should have said

**C** **G** **Am**  
We used to drive with the windows down  
**C** **G** **F**  
Try to sing louder than the wind  
**C** **G**  
We'd play our favorite songs  
**Am** **F**  
But now it hurt to sing along  
**C** **F** **G** **Am**  
All these melodies i wish i could forget  
**D** **F**  
But i guess then i'd have less  
**C**  
All the words i should have said

**F** **C**  
Ooo I play your messages out loud  
**G**  
Just so i could hear your sound

**F**  
I'm sing it out ooo  
**C**  
Drivin' by that place we found  
**G**  
And now i wanna burn it down

**F** **C** **Dm** **C** **F**  
Honey, i can't bare to lose  
**F** **C** **Dm** **C** **Dm**  
So, i search through all our tunes  
**F** **Fm** **C**

'Till i find all the words to say to you

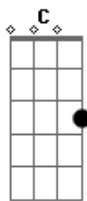

**C** **G** **Am**  
Every stage seems too big now  
**C** **G** **F**  
What do i do with all this room  
**C** **G**  
I'd sing my songs for you  
**Am** **F**  
But now they all sound out of tune  
**C** **F** **G** **Am**  
I never knew how much i'd miss our mess  
**D** **F**  
And confess that i regret  
**C**  
All the words i never said

**F** **C**  
Ooo I play your messages out loud  
**G**  
Just so i could hear your sound

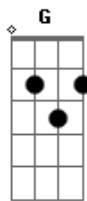

**F**  
I'm sing it out ooo  
**C**  
Drivin' by that place we found  
**G**  
And now i wanna burn it down  
**F** **C** **Dm** **C** **F**  
Honey, i can't bare to lose  
**F** **C** **Dm** **C** **Dm**  
So, i search through all our tunes  
**F** **Fm** **C**  
Until i find all the words to say to you

**C** **G** **Am**  
The sound of us felt so good on the ears  
**C** **G** **F**  
Together we were such a hit  
**C** **G**  
With our verse and choruses  
**Am** **F**  
But then you went and burned our bridge  
**C** **F** **G** **Am**  
And i'll admit i can't help but reflect  
**D** **F**  
And want to mend what could have been  
**C**  
With all the words i should have said
