

# Jordan Mackampa - Open Arms

Tom: C

m [Intro] Cm Bb Ab G

Cm Bb  
You've been hurt before  
Ab G  
And it left scars I cannot see  
Cm Bb  
You made a wall so high  
Ab G  
For heart I cannot reach  
Ab Bb  
Our chemistry, we can't deny it  
Ab G  
So why do you try to fight it?

Cm Bb  
With open arms I'll guide you through the fire  
Ab G  
But I just need a little loving, I just need a little loving  
Cm Bb  
With open arms my love will take you higher  
Ab G  
And you know, I never ask for nothing, I just need a little loving

Cm Bb  
I've seen you ghost of pain  
Ab G  
And form a shell made of steel  
Cm Bb  
But everybody needs somebody  
Ab G  
So why don't you tell me how you feel?  
Ab Bb  
'Cause we got history, we can't deny it  
Ab G  
So why do you try to fight it?

Cm Bb  
'Cause with open arms I'll guide you through the fire  
Ab G  
But I just need a little loving, I just need a little loving  
Cm Bb  
With open arms my love will take you higher  
Ab G  
And you know, I never ask for nothing, I just need a little loving  
Cm Bb  
With open arms I'll guide you through the fire  
Ab G  
No, I never ask you, I never ask for nothing  
Cm Bb  
With open arms my love will take you higher  
Ab G  
And I just need a little loving, I just need a little loving

Cm Bb  
We go around in circles  
Ab G  
No future [stand in stone?]  
Ab Bb  
But we need to cross these troubled waters  
Ab G  
Round we go, emotions, round and round we go  
Oh, no no

Cm Bb Ab G  
And you know I never ask for nothing

Cm Bb  
'Cause with open arms I'll guide you through the fire  
Ab G  
You know, I never ask for nothing, I just need a little loving  
Cm Bb  
With open arms my love will take you higher  
Ab G  
And you know, I never ask for nothing, I just need a little loving
