Tom: C

C  
Feeling like it was yesterday  
Am  
When something put you in my way  
F  
Still so nervous that I can't breathe  
G  
Not worth it without you girl

Can't do it without you girl

C  
Everytime I look in your eyes  
Am  
Chills are running up and down my spine  
F  
Fell so hard into it

Never want out of it  
G  
Not worth it without you girl

Can't do it without you girl

'Cause

C  
This kind of love exists  
F  
It's not an urban myth  
Am  
Hits you when you're not looking for it  
G  
Keep waiting, waiting

Naa
