

# Jorge Vercillo - As árvores

Tom: G

(intro) G Em Am Am Gbm B7 E D7

Já vi estrelas demais e ainda estou sem saber  
 Se escurecer faz gear, como me faz sofrer

Só de pensar em você  
 As nuvens sabem de nós  
 E quando vento aí bater  
 Ouça a minha voz

Aceite gostar de mim  
 E o tempo dirá por nós

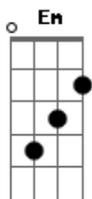

Ninguém vai julgar  
 Desarma esse olhar  
 Adentre pelos meus jardins  
 Aceite gostar de mim  
 Não lute com o que mais quer  
 Te espero sem fim  
 Te venero assim  
 As árvores morrem de pé

É quando a névoa se esvai, que a noite vem pra valer  
 E a lua nova conduz mais um luar sem luz  
 Você não sabe o que faz, do que nasceu entre nós  
 Então me dê sua mão eu sei, eu sei do que sou capaz
