Intro: Am  B7  Em  D
       Am  B7  Em  D

Am              B7
You weren't the boy I thought I knew
Em                      D
Maybe I was blind, I was young, I didn't have a clue
Am           B7
You were the topic of my lunch times
Em
I'd bore the girls about our chance
D
And get upset when you didn't text back

C                   Em                          D
I was warned by my brothers to find another lover
                        B7
Stop falling for these boys who didn't want the same as me
C                   Em                          D
I was warned by my brothers to find another lover
                        B7
Stop falling for these boys who didn't want the same as me

Am            B7
We all want a teenage fantasy
Em
Want it when we can't have it
        D
When we got it we don't seem to want it
Am            B7
We all want a teenage fantasy
Em
Want it when we can't have it
        B7
When we got it we don't seem to want it

Am         B7
I've got a lot of things to do
Em
What if I had been a fool
D
And thought I was in love with you
Am        B7
I need to grow and find myself
Em
Before I let somebody love me
D
Because at the moment I don't know me

C                     Em
When I was told by my father
                     D
If I look into the future
                     B7
Do I really see this boy

That I think I've fallen for
C                     Em
And I was told by my mother
                     D
If I look into the future
                     B7
Do I really see this boy

That I think I've fallen for

Am            B7
We all want a teenage fantasy

Want it when we can't have it
        D
When we got it we don't seem to want it
C           Em
When we are young
            Am
We all want someone

Who we think is the one
B7
Just to fit in
C                  Em
There's no need to rush
          Am
Take your time

Life's a big old ride
B7
Sit back and enjoy the vibe
C           Em
When we are young
            Am
We all want someone

Who we think is the one
