

# Joseph Vincent - Our First Song

tom:

**G**

Time to let the, time to let the, time to let the beat drop  
**Gm7**  
Baby Imma let you know, don't always gotta be fast  
Maybe we can take it slow  
**F**  
Don't always gotta rush, gotta build that trust  
**Cm**  
We're two birds just singin' that song  
**G**  
Singing that ladeedeedodeeda, melodies go back and forth  
**Gm7**  
You sittin' on that **G** string, maybe I just struck a chord  
**F**  
The music's in your heart, that's where I'm gonna start  
**Cm**  
and if you just play along  
**Am**  
I'll make sure I'm in tune  
**D**  
in this concert just for two  
**G**  
'Cause this is our first song  
**Dm**  
Sorry I had you waiting so long  
**C**  
Gotta make it perfect, it can't be wrong, no  
**Cm**  
Tryin' to keep doin' it right, with you on my mind  
**G**  
'Cause you are my baby  
**Dm**  
Promise I'll treat you like a lady  
**C**  
and I won't do you no harm  
**Cm**  
'cause this is our first song  
**G**  
yeah  
**G** **Gm7** **F**  
Let's take a flight, through the clouds  
**Cm** **G**  
in the sky, can't bring us down  
to the ground in reality's hole  
**Gm7**  
let's make all our fantasies real, yeah you already know  
**F**  
that I'm taking requests, tell me what to do  
**Cm**  
where we going next, I'll leave it up to you

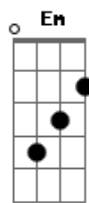

**G**  
Take all your reservation, debating what going on inside  
**G7**  
your mind, your heart, your soul  
Switch it up and be alive  
**F**  
Take it all the way  
it'll be okay  
**Cm**  
and when the moment is right  
**Am7**  
I'll make sure I'm in tune  
**D** **D**  
in this concert just for two  
**G**  
'Cause this is our first song  
**Dm**  
Sorry I had you waiting so long  
**C**  
Gotta make it perfect, it can't be wrong, no  
**Cm**  
Tryin' to keep doin' it right, with you on my mind  
**G**  
'Cause you are my baby  
**Dm**  
Promise I'll treat you like a lady  
**C**  
and I won't do you no harm  
**Cm**  
'cause this is our first song  
**Em** **A7**  
I don't have to sing alone  
**C**  
Together we're in tune  
**D**  
Just two merged as one  
I'll give you all my lovin'  
**D**  
till we finish what we've both begun  
**G**  
'Cause this is our first song  
**Dm**  
Sorry I had you waiting so long  
**C**  
Gotta make it perfect, it can't be wrong, no  
**Cm**  
Tryin' to keep doin' it right, with you on my mind  
**G**  
'Cause you are my baby  
**Dm**  
Promise I'll treat you like a lady  
**C**  
and I won't do you no harm  
**Cm** **G**  
'cause this is our first song
