[Primeira Parte]

I bet you're living in the city, never thinking of me  
I bet you filled the spot where I used to be  
Bet you're doing just fine out on your own  
I bet your momma's real glad that you came back home

[Interlude]

C G D Em

[Verso]

I bet you're moving so fast you lost track of time  
While I'm countin the days since you said goodbye  
Bet you finally got the job you're always dreaming about  
I bet you find your way, bet it's all worked out

[Refrão]

You're still on my mind after closing time  
The whiskey in my blood, this ain't working right  
Close my tab, and when I close my eyes  
The only thing I see... is you here tonight

( C G D Em )  
( C G D D )

[Segunda Parte]

I bet he treats you like a queen, bet he takes you out  
Bet when you're with your friends, he's all you're talking about

That you're never alone, never drinking like me  
I bet he's all the things that I'll never be

[Refrão]

You're still on my mind after closing time  
The whiskey in my blood, this ain't working right  
Close my tab, but when I close my eyes  
The only thing I see... is you here tonight

( G D Em )  
( C G D D )

[Refrão Final]

You're still on my mind after closing time  
The whiskey in my blood, this ain't working right  
Close my tab, but when I close my eyes  
The only thing I see  
You're still on my mind after closing time  
The whiskey in my blood, this ain't working right  
Close my tab, but when I close my eyes  
The only thing I see... is you here tonight
