

Joshua Bassett - Blue

tom:

Intro: F C F C

[Primeiro Verso]

Starin' at the stars above

I'm prayin' again

Skippin' rocks and thinkin' of

The way it was back then

[Pré-Refrão]

Dancin' on clouds above

Fallin' headfirst for a dead end love

Butterfly chasing, I'm dreaming of what was

[Refrão]

And out of the blue

I fell for you

Out of the blue

I fell for you

[Segundo Verso]

Spillin' out my secrets now

At a table for two

It's getting hard to keep it down

When we laugh like we do

[Pré-Refrão]

My joyride, my sugar rush

We're fallin' to pieces, can't get enough

'Cause nobody holds me the way you do

[Refrão]

And out of the blue (out of the blue)

I fell for you (I fell for you)

Out of the blue (out of the blue)

I fell for you (I fell, I fell)

[Ponte]

And out of the blue

Out of the blue

[Terceiro Verso]

Kiss me like you mean it, dear

We'll stay up till' noon

You're sweet as maple, so sincere

You made me a fool

[Refrão]

And out of the blue

I fell for you

Out of the blue

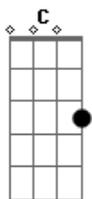

I fell for you

[Final]

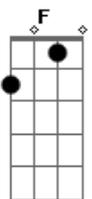

Out of the blue

Out (hehe) out
