

# Joshua Bassett - Lie Lie Lie

tom:

G

[Primeira Parte]

Em So they told me all the things that you said  
Am Running all over my name, oh  
Em And you're acting oh so innocent  
Am Like I'm the only one to blame

[Pré-Refrão]

You've been lying to yourself  
Like everyone else  
Only thinkin' 'bout yourself  
Darlin', what the hell?

[Refrão]

Em I know what you say about me  
C I hope that it makes you happy  
Am You can't seem to get me off your mind (get me off your mind)  
Em I know you're lying through your teeth  
C You told them the lies that you told me  
Am I've had enough of it this time

Em You can lie, lie, lie, lie, lie  
Am Go ahead and try, try, try, try, try  
Em It won't work this time, time, time, time, time  
Am I kiss your ass goodbye, bye, bye, bye, bye  
I'll kiss your ass goodbye

[Segunda Parte]

Em So you're telling them it's all my fault  
Am You're the victim this time, oh  
Em And you wanna make it seem like it's your call  
Am

You're acting like everything's fine

[Pré-Refrão]

You've been lying to yourself  
Like everyone else  
Only thinkin' bout yourself  
Darlin', what the hell?

[Refrão]

Em I know what you say about me  
C I hope that it makes you happy  
Am You can't seem to get me off your mind (get me off your mind)  
Em I know you're lying through your teeth

Am I've had enough of it this time
