

# Joshua Bassett - Lifeline

tom:  
Dm

Doc said I got twelve hours  
I called you without a second thought  
Plane ride within the hour  
As she pictures life without her son  
Oh, oh, I know, mm-hmm

[Segunda Parte]

One hour visitation  
She beats me in chess, another round  
Don't matter what we're sayin'  
I'm just glad you made it into town  
Oh, oh, mm-hmm, mm-mm

[Pré-Refrão]

Save me, now I'm facin'  
All my fears of the unknown  
I've been shakin' in my bones  
Lately, I've been prayin'  
To a god I've never known  
I can't do this on my own

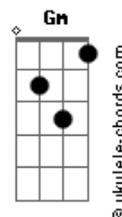

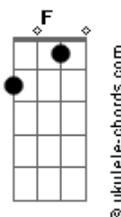

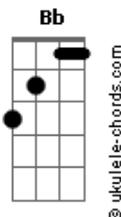

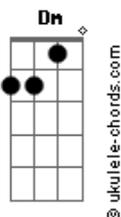

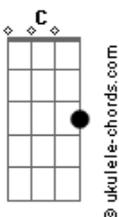

[Refrão]

So try not to cry  
I won't say goodbye just yet  
So hold on to my hand  
Oh, I'll be fine for tonight  
With you by my side, oh my  
But don't you know, you're my lifeline

[Terceira Parte]

I know I'm not good at calling  
Dad said I've fallen off the grid  
We hardly say I love you  
'Cause your parent's parents never did  
Oh, oh, ooh

## Acordes

[Pré-Refrão]

Save me, now I'm facin'  
All my fears of the unknown  
I've been shakin' in my bones  
Lately, I've been prayin'  
To a god I've never known  
I can't do this on my own  
[Refrão]  
So try not to cry  
I won't say goodbye just yet  
So hold on to my hand  
Oh, I'll be fine for tonight  
With you by my side, oh my  
But don't you know, you're my lifeline

[Ponte]

So let go 'cause I won't waste another minute  
This distance, we're drifting from different of opinion  
I can't be mad I'm not what you prayed for  
I hope you know that no one else could ever

[Pré-Refrão]

Save me, now I've been praying  
To a god I've never known  
I can't do this on my own

[Refrão]

Try not to cry  
I won't say goodbye just yet  
So hold on to my hand  
Oh, I'll be fine for tonight  
With you by my side, oh my  
But don't you know, you're my lifeline

[Final]

Ooh, ooh, my lifeline  
Don't you know, you're my lifeline
