Joshua Bassett - Secret

```
                              tom:
                   Em

              [Primeira Parte]

Em
   Pulled into your driveway again
G
    We kissed, but it felt different
Am         B7              Em
I shoulda seen it comin' then, mm-mm-mm-mm
Em
   Swore that you only had a crush
G
    You told me that you would cut him off
Am         B7              Em
I shoulda seen it comin' then, mm-mm-mm-mm

[Pré-Refrão]

Em                                          G
   My friends all warned me I should run for the hills
       Am
But I defended you still
      B7
'Cause I knew rumors could kill, oh (ooh)

[Refrão]

                             Em
Oh, your secret's safe with me
     D         C            G    Am
And him, and all of our friends you told
      B7              Em
Oh, you don't even know, I know
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed
      B7              Em
Yeah, your secret's safe with me
     D         C            G    Am
And him, and everyone else who knows
      B7              Em
Darlin', how could you be so cold?
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed
      B7
Yeah, your s?cret's safe with me

[Segunda Parte]

Em
   I r?ally hope you had your fun
G
    Good for you foolin' everyone
Am         B7              Em
   You had me tricked for sixteen months (oh-oh-oh-oh-oh-oh)

[Pré-Refrão]

Em                                 G
   Your smoke and mirrors had me hypnotized
       Am
Right in front of my eyes
```
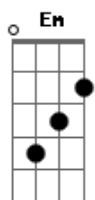

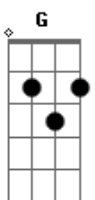

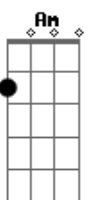

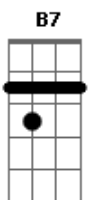

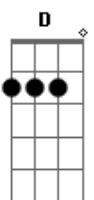

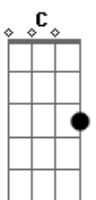

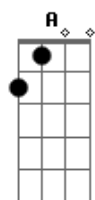

```
               B7
Well, I heard the truth last night

[Refrão]

                             Em
Oh, your secret's safe with me
     D         C            G    Am
And him, and all of our friends you told
      B7              Em
Oh, you don't even know, I know
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed
      B7              Em
Yeah, your secret's safe with me
     D         C            G    Am
And him, and everyone else who knows
      B7              Em
Darlin', how could you be so cold?
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed

[Ponte]

            Em            B7
When your "Woe is me" stops workin'
         D                    A
I bet your songs won't sound the same
      C                         B7
The truth you can't deny changed everything
      C                         B7
Oh, you can't hide behind what's clear as day

[Refrão]

                             Em
Oh, your secret's safe with me
     D         C            G    Am
And him, and all of our friends you told (All our friends you
told)
      B7              Em
Oh, you don't even know, I know (I know)
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed
      B7              Em
Yeah, your secret's safe with me
     D         C            G    Am
And him, and everyone else who knows (All of our friends, they
know)
      B7              Em
Darlin', how could you be so cold?
     D         C            G    Am
Don't worry, 'cause I'm keepin' my mouth closed
      B7              Em
Yeah, your secret's safe with me
     D         C            G    Am
And him, and all of our friends you told
      B7              Em
Yeah, your secret's safe with me
     D         C            G    Am
And him, and all of our friends you told
      B7
Yeah, your secret's safe with me
```
