We're headed for the end, babe
 Been due for a long, long time
 You got a lover last Wednesday
 But you sent a paragraph last night
 Telling me that you were sorry
 And you only wanna wish me well
 But after seven years of my time and your lies
 I think that your word is shot straight to hell

But now it's too late
 So much for another soulmate
 Should've known you only get one, babe
 Nobody's ever taking your place at my place
 Another fake smile
 Coming over just to numb the pain a while
 Oh, but in the morning she'll be gone, babe
 Nobody's ever taking your place at my place

Well, I woke up late again
 Another night, getting high and staying in
 Oh God, I wonder do you ever think of when we were in love?
 It didn't feel so different
 But now it does feel different

I liked it better when we were wearin' paper thin
 I don't care if you have to lie and say you're into it
 I thought I found someone to set me straight again

But now it's too late
 So much for another soulmate
 Should've known you only get one, babe
 Nobody's ever taking your place at my place
 Another fake smile
 Coming over just to numb the pain a while
 Oh, but in the morning she'll be gone, babe
 Nobody's ever taking your place at my place

I'm running out of ways to fix us
 "I thought I loved her, it was only just a mix up"
 That's what you said when you were crying, 'cause you missed us
 You don't even know how bad I wish I could fix trust

But now it's too late
 So much for another soulmate
 Should've known you only get one, babe
 Nobody's ever taking your place at my place
 I got a fake smile
 Hoping she will leave for a little while
 Oh, but in the morning she'll be gone, babe
 Nobody's ever taking your place at my place
