Let us adore, let us adore
The son of man

God came to earth and traded his throne
For the lowest of lows

[Instrumental]

He came like a lamb for the slaughter
But one day he would come back to rule
When the darkness triumphs over
We will see a light bursting through

And the heavens will open with splendor
And the heavenly trumpets will blow
And the king of kings of the nations will return
For the lowest of lows

Let us adore, let us adore
E-mma-nu-el
Let us adore, let us adore
The son of man

God came to earth and traded his throne
For the lowest of lows

God came to earth and traded his throne
For the lowest of lows
