

Josie Edwards - Good Girls

tom:
A

Bm D Bm
Streetlight, pick a fight with a stranger
D D
I've been saving up my anger
A A
Stacking up like pennies in my pocket
G G
Whistle like a runaway train, and I lost it

Bm Bm
Good girls die young, don't you know they got 'em?
D D
All lined up with names on their coffins
A A
Mary Beth died with stars in her eyes
G G
I've been running from her ghost all my life, oh

Bm D
Ooh, ooh, ah, I hear them crying, crying
A G
Good girls, good girls

Bm
Broken pieces under the rug
D
A thesis of all I've loved
A
Reeling in the aftermath
G
I wish that you could take it back
Bm
Burning in my lungs again
D
The taste of your carcinogen
A
Every breath, a feeling
G
I'm gettin' good at healing

Bm D
Ooh, ooh, ah, I hear them crying, crying
A G
Good girls, good girls

Bm D
Don't waste your time on me
A G

I followed your liturgy
Bm D
I'm takin' back my offering
A G
The blood I bleed, my eulogy

You buried me, and now I'm singing

Ooh, ooh, ah, I hear them crying, crying

Good girls, good girls
