Journey - All The Way

```
Tom: C
                                                          Don't hold back we'll find what's missin'
Intro:
                                                               G
                                                                              C
                                                          I'll take you all the way
Verso 1:
               F
                    G
                            С
                                                          Close your eyes and think forever
                                                            Am7
I kiss you and I feel you pull away
                                                                    Am7
                                                          If you believe we go together
                F
                        G C
It hurts me when I see you hesitate
                                                                     G
                                                          I'll take you all the way
  Fm
          F
                                       Am
                             G
Mistakes I've made, wish I could take them back
                                                          Ponte 1:
             F
                  G
                                                          Am F C
I'll take you all... the way
Say it's not too late to hear you
Refrão:
                                                                      F Dm
                                                                                G
                                                          I'll take you all... the way
Speak your heart and I will listen
                                                                  F
                                                          From the miles that come between us
Am7
Don't hold back we'll find what's missin'
                                                              F
                                                                         Am
                                                          Have faith in love and where it leads us
            G
                   C
I'll take you all the way
                                                                        G
                                                          F
                                                                                С
                                                             I'll take you all the way
Close your eyes and think forever
                                                          (Solo)
  Am7
           Am7
If you believe we go together
        G
                                                          Ponte 2:
                  C
I'll take you all the way
                                                          Am F C
                                                          Whoah...
Verso 2:
                                                                        Dm
                                                                               G
                                                          F
                F
                         G
                                                            I'll take you all the way
                                 C
Sifting through the memories we have known
             F G C
                                                          Ponte 3:
Looking back at places we have gone
                                                          Am F C
                                                          Whoah...
Fm
                F
                           G
                                    Am
Let's not leave behind what so few have found
                                                                         Dm
                                                                                G
                                                          F
                                                            I'll take you all the way
               F G
Love ain't always easy so
                                                                 F
                                                          From the miles that come between us
Refrão:
                                                              F
                                                                          Am
                                                          Have faith in love and where it leads us
Speak your heart and I will listen
                                                          F
                                                                       G
                                                                                С
                                                             I'll take you all the way
