

Jovi Barboza - You Made It Right

tom: E

I got a moon out my window in the night
 And I got a sun out my doorway when it is light
 I got stones on the mountain and the clear blue winds wet sky
 Thank You Looooord, You made it right, You made it right
 And I got a woman to love me when I'm gone
 And I got stars to find me the way back home
 I got rain in the morning when I'm stranding and all alone

Thank You Looooord, You made it right, You made it right
 I've been standin' on the hillside in the night
 I've been singin' 'bout the good things and the life
 There's a new star on the horizon
 And it nearly fills the sky
 Thank You Looooord, You made it right, You made it right
 There's a new star on the horizon
 And it nearly fills the sky
 Thank You Looooord, You made it right, You made it right
