

Joy Division - Ceremony

tom: Quickly...
C Solo...(Barney fucks up! LOL)

Tabbed by: Gallagher2006

Tuning: Standard

Hey this is for the live version of the song that appears on Chorus
?Still?, and being the only
version the band ever did, I thought I?d tab it ;)

Starts out without the intro weirdly...and comes in after the Then into the comedown
verse, but before Ian
the chorus singing (although he?s barely audible. God damn
sound guy >_<)

Listen to song for timing
