

JP Saxe - A Little Bit Yours

tom:
Capostrate na 1ª casa
Intro: **Dm** **F** **C**
F **C**

[Primeira Parte]

You found someone new, before me
And you didn't try nearly as hard
And maybe that's the problem
I don't know how to take it away from you
Without giving someone else my heart

[Pré-Refrão]

All I do
Is get over you
And I'm still so bad at it

[Refrão]

I let myself want you
I let myself try
I let myself fall back into your eyes
I let myself want you
I let myself hope
I let myself feel things I know that you don't
You're not mine anymore
But I'm still a little bit yours

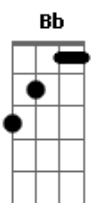

[Segunda Parte]

Maybe if I said
The right thing
It never woulda gone this way
And maybe that's the problem
Cause I still kinda think it was up to me
When I never coulda made u stay

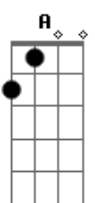

[Pré-Refrão]

All I do
Is get over you

And I'm still so bad at it

[Refrão]

I let myself want you
I let myself try
I let myself fall back into your eyes
I let myself want you
I let myself hope
I let myself feel things I know that you don't
You're not mine anymore
But I'm still a little bit yours
You're not mine anymore
But I'm still a little bit yours

[Ponte]

All I do
Is get over you
And I'm still so bad at it

We outgrew
The love we knew
But I still wish I had it

[Refrão]

I let myself want you
I let myself try
I let myself fall back into your eyes
I let myself want you
I let myself hope
I let myself feel things I know that you don't
You're not mine anymore
But I'm still a little bit yours

[Final]

You're not mine anymore
But I'm still a little bit yours
