

Ju Ribeiro - Drama Queen

Tom: G

They always find a way
To haunt me, to find me
No matter what I say
They never go away, they just stay
They just know, they just know what scares me the most
And I know that I've grown, but my life is a show
And I'm out of control, may not make sense
But all I've been told didn't mention this mess
I guess I ain't being my best
Get it out of my chest
'Cuz I just wanna rest

Can we
Find a place where I can breathe
Be whoever we wanna be
'Cuz I've been trying my best
But the best just ain't enough
And it seems like I'm blind I cannot see
All the things that make me be free
Well I try to be tough
But all you do is calling me
A drama queen, a drama queen
A drama queen, drama queen
Why are you being so mean?
You surely don't know where I've been
And for you I'm just a

Don't bother to say that you care
Don't bother to say that you're there
Don't swear, unfair, left with no air
And I just wanna share how I feel

All these monsters they seem so real
It may take some time, but I might just heal
take back the wheel I'll be fine, I need time,
Somewhere to hide from my own mind
I wonder, is there a really good side my lover?
Where are you to help me recover?

I should go, let it go

Take it slow, 'cuz you know
We could just disappear
Get out of here for a while
Run 'cuz this place is so wild

I guess I ain't being my best
Get it out of my chest
'cuz I just wanna rest

Can we
Find a place where I can breathe
Be whoever we wanna be
'Cuz I've been trying my best
But the best just ain't enough
And it seems like I'm blind I cannot see
All the things that make me be free
Well I try to be tough
But all you do is calling me
A drama queen, a drama queen
A drama queen, drama queen
Why are you being so mean?
You surely don't know where I've been
And for you I'm just a Drama Queen
