

# Judas Priest - Prisoner Of Your Eyes

Tom: B

m

Intro: Bm G A Gb  
Bm A G D Gb

When I saw your face  
I became a prisoner of your eyes  
And I would do just anything  
To stay and be with you

You know there are times  
When I let myself wonder  
As I was going under  
You pulled me back to Earth

Don't you hear me crying?  
Take me in your arms again  
Tell me that you're trying  
Or is our love a lie?

Love is blind  
And love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time  
I cannot leave you  
I'm just a prisoner of your eyes

As each day goes by  
I've given up completely  
I've locked myself inside your heart  
And thrown away the key

Only time will tell  
If I can live without you  
Can you see into the future?  
Will you ever set me free?

Don't you hear me crying?  
Take me in your arms again

Tell me that you're trying  
Or is our love a lie?  
Love is blind  
And love deceives you  
You came along and captured me  
Now I'm a prisoner of your eyes  
Trapped in time  
I cannot leave you  
I'm just a prisoner of your eyes  
In this heartache  
We can try and start again  
Stop the heartbreak  
A little time will help to kill the pain
