natural harmonic

Tr = trill

You say yes

(tipton/halford/downing)

Say you want to rip it up

Paint the town red

Wanna do the hot spots

Get it in the head

You drive me crazy

I know your game

You done it all before

You'll do it all again

You say yes, i say no

My blood's on fire

I grit my teeth

You're nothin' but a teaser

Gimme some relief

I'm lookin' at the bottle

Sinkin' to the floor

I gotta white knuckles

Can't take it anymore

You say yes, i say no

What do you treat me so

What i do, i do for you
