You say yes (tipton/halford/downing)

Say you want to rip it up Paint the town red Wanna do the hot spots Get it in the head You drive me crazy I know your game You done it all before You'll do it all again

You say yes, i say no

My blood's on fire I grit my teeth You're nothin' but a teaser Gimme some relief I'm lookin' at the bottle Sinkin' to the floor I gotta white knuckles Can't take it anymore

You say yes, i say no

What do you treat me so What i do, i do for you
