[Primeira Parte]

**Em** **D**  
Have you ever fallen head over heels for somebody  
**Bm** **A**  
That made promises that give you the world? (Um)  
**Em**  
I really hope they held you down  
**D** **Bm**  
I really hope it was no lying 'cause when heart breaks  
**A**  
It feel like the world's gone  
**Em** **D**  
But if the love's real, you'd feel your soul roar like a lion  
**Bm** **A**  
And you'd finally let bygones be by-gones  
**Em** **D**  
Don't throw in the towel, I know it feels like you're the only one trying  
**Bm** **A**  
You just gotta learn to live and love on  
[Pré-Refrão]

**Em** **D**  
I belong with the one put on this earth for me  
**Bm** **A**  
Everybody has their someone, just gotta look and see  
**Em** **D**  
I'm screaming out, "Lord, help me, I've been lonely"  
**Bm**  
That's when you accept me  
**A**  
Then you set me free  
[Refrão]

**Em** **D**  
Uh, some times life's a mess (uh)  
**Bm** **A**  
I get high when I'm upset  
**Em** **D**  
I remember when me and love didn't click  
**Bm** **A**  
Searching for somethin' real, then I found it  
**Em** **D**  
Uh-uh, sometimes life's a mess  
**Bm** **A**  
Yeah, I get high when I'm upset  
**Em** **D**  
I remember when me and love ain't click  
**Bm** **A**  
Looking for somethin' real, then I found it  
[Segunda Parte]

**Em** **D**  
Been pretty fucking bad, but it's better now  
**Bm** **A**  
Through the trials and tribulations, I found my way out  
**Em** **D**  
Feel all of the good and bad vibrations all around  
**Bm** **A**  
All around us, they surround us  
**Em** **D**

Was a lost cause, with some lost love  
**Bm** **A** **Em**  
It ain't my fault, pain chose us, then I found her  
**D** **Bm**  
My whole world turned upside down, uh  
**A**  
But for the better
