

# Juice Wrld - Man Of The Year

tom:

Intro: E Ab A E Ab

Sippin' codeine like it's beer  
I'm in London so I'm screaming, "Cheers"

[Primeira Parte]

Man of the year, still got problems  
Lookin' in the mirror, you look awful  
Talkin' to myself, do it too often  
JK, Juice WRLD, you're so awesome  
I'm running up funds  
Bottle full of pills, let's have fun  
No cheap thrills, only rich ones  
Fire drills, hotter than the sun

[Pré-Refrão]

My ups and downs  
I'll jot them down  
In London town  
Cheers to the golden years  
[Refrão]

Let's raise our hands, let's sing and dance

I know my lyrics saved you, I know my lyrics saved you  
Let's raise our hands, let's sing and dance  
I know my lyrics saved you, I know I helped you break through  
[Segunda Parte]

Buzzin' like I'm Lightyear, infinity and beyond  
Big head and in my mind I'm lost thinking of songs  
Big dick too, probably won't fit in your mom  
I met my shorty thick, that's the type of shit that I'm on  
I got to admit it she help me fall out for love  
Stay down with me through all of my rights and my wrongs  
Now it's me and her together a lifelong  
Lock her heart up like the key she ain't finna make one  
[Pre-Refrão]

My ups and downs  
I'll jot them down  
In London town  
Cheers to the golden years  
[Refrão]

Let's raise our hands, let's sing and dance
