

# Julia Jacklin - Don't Know How To Keep Loving You

Tom: **Ab**

(forma dos acordes no tom de **G** )  
Capostrate na 1ª casa

**Em**  
I wanna watch you

I wanna stay like this

**D**  
I wanna feel it all

Every time it begins

**Em**  
I want your mother

To stay friends with mine

**G**  
I want this feeling

To pass in time

**Em**  
But you know my body now

And I know yours

**D**  
We put so many things

Between these walls

**Em**  
And every gift you buy me

I know what's inside

**G**  
What do I do now?

There's nothing left to find

**Em**  
Don't know how to keep loving you

Now that I know you so well

**D**  
Don't know how to keep loving you

Now that I know you so well

**Em**  
Don't know how to keep loving you

Now that I know you so well

**G**  
Don't know how to keep loving you

**Em**  
What if I cleaned up?

What if I worked on my skin?

**D**  
I could scrub until I am red, hot, weak and thin **Em**

Too tired to run away

**G**  
What do I do now?

There's nothing left to say

**Em**  
Into the darkness  
Or is it the light?

**D**  
Should I be waking up

Or finding a place to sleep tonight? **Em**

Who will I be

**G**  
Now that you're no longer next to me?

I just wanna keep loving you

## Acordes
