

Julia Michaels - There's No Way (part. LAUV)

Tom: G There's no way that it's not going there (It's not going, it's not going there) You touch me and it's almost like we know Every second with you, I want another That there will be history between us two But maybe we could hold off for one sec We knew someday that we would have regrets So we could keep this tension in check But we just ignored them the night we met But there's no way that it's not going there We just danced backwards into each other (It's not going, it's not going there) Bm Bm Trying to keep our feelings secretly covered With the way that we're looking at each other You touched me and it's almost like we knew We just danced backwards into each other That there would be history Trying to keep our feelings secretly covered But there's no way that it's not going there We just danced backwards into each other With the way that we're looking at each other (We just keep on dancing right into each other) D There's no way that it's not going there Trying to keep our feelings secretly covered Every second with you, I want another You touched me and it's almost like we knew But maybe we could hold off for one sec That there would be history So we could keep this tension in check D But there's no way that it's not going there D But there's no way that it's not going there (It's not going, it's not going there) With the way that we're looking at each other With the way that we're looking at each other D I wish I could make the time stop There's no way that it's not going there So we could forget everything and everyone (It's not going, it's not going there) I wish that the time would line up Every second with you, I want another But maybe we could hold off for one sec So we could just give in to what we want 'Cause when I got somebody, you don't So we could keep this tension in check Bm And when you got somebody, I don't But there's no way that it's not going there I wish that the time would line up (It's not going, it's not going there) So we could just give in With the way that we're looking at each other But there's no way that it's not going there We just keep on dancing (It's not going, it's not going there) right into each other With the way that we're looking at each other We just keep on dancing D right into each other Acordes ukulele-chords.com ukulele-chords.com
