Beyond the Blue River
The streets are of gold and crystals
Everything is life there, everything is peace
Death and crying, never again
Sadness and pain, never again!

I will see the great river of life
Crystal clear
I will see the face of my dear master
There will be no more night there

There will be no outcry
I will see the eyes of Jesus
And I'll touch your body at last
Nations will walk in its light
And the doors will never close
The city is pure gold
Jasper is your wall
Beyond the Blue River
Death and crying, Sadness and pain
Never again!, never again!
Death and crying, Sadness and pain
Never again!
Beyond the blue river
