G

Sometimes I think I'm falling down
 I wanna cry I'm calling out
 For one more try to feel alive
 And when I feel lost and alone
 I know that I Can make it home
 Fight through the dark and find the spark

Life is a risk but I will take it
 Close my eyes and jump together I think that we can make it
 Come on let's run

F **D**
 And rise through the night you and I

C **Bb**
 We will fight to shine together bright forever

F **D**
 And rise through the night you and I

C **Bb**
 We will fight to shine together bright forever

F
 In times that I doubted my self
 I felt like I needed some help
 Stuck in my head with nothing left

D
 And when I feel lost and alone

C **Bb**
 I know that I Can make it home
 Fight through the dark and find the spark

F **D**
 And rise through the night you and I

C **Bb**
 We will fight to shine together bright forever

F **D**
 And rise through the night you and I

C **Bb**
 We will fight to shine together bright forever
