

Julie and the Phantoms - Finally Free (feat. Madison Reyes, Charlie Gillespie, Owen Patrick Joyner & Jeremy Shada)

tom:

Intro: A Bm Gbm D A

Hearts on fire
We're no liars, so we say what we wanna say
I'm awakened, no more faking
So we push all our fears away

Don't know if I'll make
'Cause I'm falling under
Close my eyes and feel my chest
Beating like thunder

I wanna fly
Come alive
Watch me shine

I got a spark in me
Hands up if you can see
And you're a part of me
Hands up if you're with me
Now till eternity
Hands up if you believe
Been so long and now we're finally free

We're all bright now
What a sight now
Coming out like we're fireworks
Marching on proud
Turn it up loud
'Cause now we know what we're worth

We know we can make it
We're not falling down under
Close my eyes and feel my chest
Beating like thunder
