Julie and the Phantoms - Unsaid Emily

```
                              tom:
                      E
                  E
First things first
                C
We start the scene in reverse
              A
All of the lines rehearsed
                  E         B
Disappeared from my mind
            E
When things got loud
          C
One of us running out
                  A
I should've turned around
              E         B
But I had too much pride
A
No time for goodbyes

Didn't get to apologize
B
Pieces of a clock that lies broken
          E       B           C
If I could take us back, if I could just do that
A
And write in every empty space the words "I love you" in
replace
B
Then maybe time would not erase me
          E       B           C
If you could only know I'd never let you go
A
And the words I most regret
B
Are the ones I never meant to leave
E
Unsaid Emily
E                     C
Silent days, mysteries and mistakes
```

```
                    A
Who'd be the first to break?
              E         B
Guess we're alike that way
A
He said, she said

Conversations in my head
B
And that's just where they're gonna stay forever
            E       B             C
If I could take us back, if I could just do that
A
And write in every empty space the words "I love you" in
replace
B
Then maybe time would not erase me
            E       B           C
If you could only know I'd never let you go
A
And the words I most regret
B
Are the ones I never meant to leave
E
Unsaid Emily
            E       B             C
If I could take us back, if I could just do that
A
And write in every empty space the words "I love you" in
replace
B
Then maybe time would not erase me
            E       B           C
If you could only know I'd never let you go

And the words I most regret

Are the ones I never meant to leave
