

## Julio Iglesias - When I Need You

```
tom:
                                                                                                                                                              C
When I need you
I just close my eyes and I'm with you E7 Am
And all that I so want to give you
Is only a heartbeat away
When I need love
I hold out my hands and I touch love % \left\{ 1\right\} =\left\{ 1\right
                                                                                                                                E7
I never knew there was so much love
Keeping me warm night and day
Miles and miles of empty space in between us
The telephone can't take the place of your smile
But you know I won't be travelling forever
It's cold out
So hold out
And do like I do
When I need you
I just close my eyes and I'm with you E7 Am
And all that I so want to give you
Is only a heartbeat away
```

It's not easy when the road is your driver Honey that's a heavy load that we bear But you know I won't be travelling a lifetime It's cold out Dm So hold out And do like I do C When I need you When I need love I hold out my hands and I touch love E7 I never knew there was so much love Keeping me warm night and day When I need you I just close my eyes And you're right by my side Keeping me warm night and day I just hold out my hand Hold out my hand And I'm with you All I wanna give you Is only a heartbeat away When I need you
