

Júpiter Maçã - Deep

Tom: **F**

(**Em F**)

Deep things comes from the heart

She said she like my smell
And I like hers

Once she knew a pirate that whip her
Laughin' bizarre strange laughin' man
Would you understand if
You were in my place
Old shiped man
The pirate would take travelling
All over the seven seas
And then she knew a hard off man
You'll understand
Didn't use to touch her
Like a nab
This man was a doll a funky doll
A very delicated guy
The dandy starts to write
A thousand and thousand of poetry

Starts to come over
And then it came the suicide
Suicider man
If you understand
He has a kitchen knife
He try so hard to kill him
He's not afraid look at this mirror
There's a camera out of there thought
Very paranoid man
Love pistols love bazookas and adagas
Suicide man would try to break the mirror
And watch the movie by himself
In a Saturday comes a lover
All over himself checked
Check the lover by herself
The lover just play his act
The lover was so softly
The lover starts to kiss well
Lover starts to kiss like snake
A dark and large snake
Lover starts to love
And finally the lover starts to love
