

Júpiter Maçã - Open Letters

tom:
Gb

It's an open letter

From a distant friend of mine

It's a broken shadow

Like sand in the ruins of time

It's a portal mirror

The frog and the ducks

In the eyes

It's a portal mirror

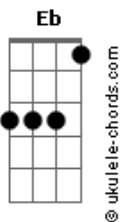

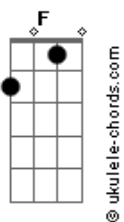

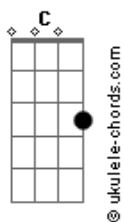

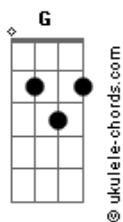

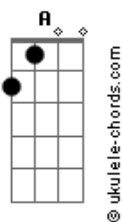

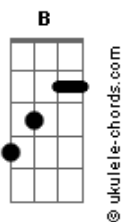

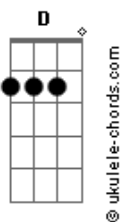

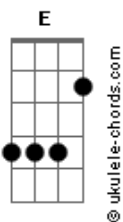

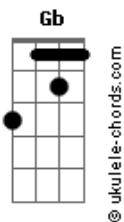

Reflecting love in the sky

Interlude
C A C B G Gb

From the loneliness cult

To a folk of ghosts straight ahead

Acordes

It's a modern film

Without any goals or bets

It's a mist standing

The film is in silver engraving

It's an open letter

Friends mean self far away

Interlude
