Justin Bieber - Backpack

Am You said "I come in peace", so I took you home DM I gave you food and I gave you clothes I taught you how to move your feet when the rhythm's on DM Still you wanna leave cause you feel alone You don't know what they're like if they know that you're They're gonna try to take away the secrets of your planet's life I know you must be upset, you lost your family in a wreck DM But you gotta listen (listen, listen) Don't try to find your spaceship That might be out there waiting Stay in my backpack forever Stay in my backpack forever You know I gotta find my spaceship My planet's outside there waiting I can't stay in your backpack forever Stay in your backpack, backpack, backpack Also as the previous AM G F DM Before you came around I was in a rut

Acordes

Didn't have a friend, didn't know what it was You taught me how to dream and how to love You're my best friend, please listen to me

alive
They're gonna try to take away the secrets of your planet's life
Theory you must be upset you lost your family in a wreek

You don't know what they're like if they know that you're

I know you must be upset, you lost your family in a wreck But you gotta listen (listen, listen)

Don't try to find your spaceship
That might be out there waiting
Stay in my backpack forever
Stay in my backpack forever
You know I gotta find my spaceship
My planet's outside there waiting
I can't stay in your backpack forever
Stay in your backpack, backpack, backpack

Don't try to find your spaceship

Uh, greetings, I fell from the sky I'm from a different world, I use Lil Wayne as a disguise And my flying saucer crashed, I'm the only one that survived I've only taken over this planet since I've arrived I'm in the backpack, I'm ducking Men In Black Yeah I'm an alien, my swag is outta this world Different galaxy, they try to capture me When I die they gon' name this planet after me Wayne's world (wayne's world, wayne's world)

That might be out there waiting
Stay in my backpack forever
Stay in my backpack forever
You know I gotta find my spaceship
My planet's outside there waiting
I can't stay in your backpack forever
Stay in your backpack, backpack, backpack
On our planet we don't kill one another
We don't take love for granted, it's a gift from the mother
In, in your planet you are filled with greed and false belief
We came here to bring you peace
