

Justin Bieber - Been You

Tom: Bb

(com acordes na forma de Capotraste na 1ª casa

Intro: D Bm E Gbm

Feeling the remnants, gone in an instance
 Blink of an eye, no goodbye
 I had a notion deep as the ocean
 Blue like the sky, oh my

Like a permanent stain wishing I could just wash away, away
 Prayed our love wasn't vain
 Who was to blame for all the pain? For all the pain?

If I would've known, if I would've known
 If I would have known it could have been you
 If I had the chance, if I had the chance I'd make us brand new
 I never wanted to be, wanted to be your enemy
 No, but if I, if I would've known
 If I would have known it could have been you, been you

The repercussions of missing your loving
 Haunts me at night, the ghosts are alive

A)

All of the memories

A serenity dwindle in my mind
 All the time

Like a permanent stain wishing I could just wash away, away
 Prayed our love wasn't vain
 Who was to blame for all the pain? For all the pain?

If I would've known, if I would've known
 If I would have known it could have been you
 If I had the chance, if I had the chance I'd make us brand new
 I never wanted to be, wanted to be your enemy
 No, but if I, if I would've known
 If I would have known it could have been you, been you

Interlude

D Bm E Gbm x2

If I would've known, if I would've known
 If I would have known it could have been you
 If I had the chance, if I had the chance I'd make us brand new
 I never wanted to be, wanted to be your enemy
 No, but if I, if I would've known
 If I would have known it could have been you, been you
