

Justin Bieber - Cold Water

```
Tom: A
 Everybody gets high sometimes, you know
What else can we do when we're feeling low?
So take a deep breath and let it go
You shouldn't be drowning on your own
                                        Dbm
           Gbm
And if you feel you're sinking, I will jump right over
Into cold, cold water for you
            Gbm
                      Α
And although time may take us into different places
      Gbm
                                Dbm D
I will still be patient with you
And I hope you know
(Refrão)
             \mathsf{Gbm}\ \mathsf{A}\ \mathsf{Dbm}\ \mathsf{D}
I won't let go
             Gbm A Dbm D
I'll be your lifeline tonight
             Gbm A Dbm D
I won't let go
            Gbm A Dbm D
I'll be your lifeline tonight
Cause we all get lost sometimes, you know?
                             Dbm D
It's how we learn, how we grow
                                      Dbm D
And I wanna lay with you 'til I'm old
You shouldn't be fighting on your own
                                        Dbm
           Ghm
And if you feel you're sinking, I will jump right over
                              Dbm D
