

# Justin Bieber - Common Denominator

Tom: C

Just a fraction of your love

Fills the air

And I fall in love with you

All over again

Ooh

You're the light that feeds the sun

In my world

I'd face a thousand years of pain

For my girl.

Out of all the things in life

That I could fear

The only thing that would hurt me

Is if you weren't here

Woah

I don't want to go back

To just being one half of the equation

You understand what I'm sayin'?

Girl with out you I'm lost

Can't face this focus at heart

Between me and love

You're the common denominator oh oh ohh oh

You're the common denominator oh yeah woah

(G F C G)

Before your love was low  
Now you're just my height aye  
We chase the game that would put  
My cot in the side

Broken heart rise up to say  
Love is alive  
You and I would stand  
To be multiplied yeah

Out of all the things in life  
That I could fear  
Uh  
The only thing that would hurt me  
Is if you weren't here  
Woah

I don't want to go back  
To just being one half of the equation  
You understand what I'm sayin'?

Girl with out you I'm lost  
Can't face this focus at heart  
Between me and love  
You're the common denominator oh oh ohh oh  
You're the common denominator oh yeah woah

I can't imagine life  
Without your touch  
Every kiss that you give  
It gives me heart  
And to all the heart it can  
Jealous females hate it  
I'ma hold it down for you

For you woah oh woah  
Common denominator  
Oh yeah woahh  
I don't wanna to go back  
Half of the equation woah woah yeah  
Common denominator  
Oh oh oh oh  
Common denominator  
Oh yeah woah

Just a fraction of your love fills the air  
And I'd fall in love with you all over again yeah
